DIRECTIONS FOR REGISTRATION:

Grade Nine:
- You must take one full-year course as a freshman: CP English 9, English 9H or CP Humanities 9: American Studies. Your present English teacher will recommend which level (CP English 9, English 9H) to take based on your test scores.

Grade Ten:
- You must take one full-year course as a sophomore: CP English 10, English 10H or CP Humanities 10: World Studies. Your present English teacher will recommend which level (CP English 10, English 10H) to take based on your test scores and performance in 9th grade English.

Grade Eleven:
- You must take one full-year course as a junior: CP English 11, or AP Language and Composition. Your present English teacher will recommend which level (CP English 11, AP Language and Composition) you must take based on your test scores and performance in 10th grade English.

Grade Twelve:
- You must take one full year course or two one-semester courses during your senior year. Please note that some English electives might not meet entrance requirements for some colleges/universities. Generally, colleges and universities will accept all courses which have significant writing and/or literature components. If you have questions concerning the following courses, please ask the English department coordinator or your counselor.

Diagram:
- 9th Grade: CP Humanities 9, American Studies → CP English 9 → *English 9 Honors
- 10th Grade: CP Humanities 10, World Studies → CP English 10 → *English 10 Honors
- 11th Grade: CP English 11 → *AP English Language & Composition
- 12th Grade: 
  - Semester classes: CE Basic Composition → CP Multicultural Lit.
  - Contemporary Authors → CP Science Fiction
  - CP African-American Lit. → CP Shakespeare
  - CP Award Winners → CP Writing on Film
  - CP Creative Writing → Reading Essentials 1,2,3,4
  - #CP Intro to College Comp → Reading/Study for Success
  - #CP Intro to College Lit. → Writing Clinic
  - CP Journalism
  - CP Journalism Leadership Workshop
  - #CP Narrative Art in Literature and Film

  - Yearlong class: CP Senior Seminar: Literature and Writing

  - *Weighted grade
  - # Concurrent Enrollment (CE) class (college credit)
  - CP = College Prep
  - *AP = Advanced Placement
⇒ Beginning Debate is the prerequisite class where students learn the speaking, critical thinking and research skills required for all advanced debate classes.

⇒ Students must be enrolled in a speech/debate class to participate on the Speech & Debate team.

⇒ After completing Beginning Debate, students, in consultation with Debate teachers, choose a primary event and enroll in the appropriate Advanced Debate class.

NOTE: Courses designated with *asterisk receive a weighted grade
To meet district graduation requirements, students must take three (3) credits in social studies including one (1) full credit in United States History and one-half (.5) credit in American Government.

The following course of study is highly recommended:
- 1 credit: CP US History or US History (9th grade)
- 1 credit: AP World History, CP World History or World History (10th grade)
- ½ credit: AP US Government, CP American Government or American Government (11th – 12th grade)

**Freshmen** should enroll in CP US History, CP Humanities 9, or US History. CP US History is also offered in the 11th grade for those students who have not yet earned the required credit(s) for US History.

**Sophomores** should enroll in AP World History, CP World History, CP Humanities 10, or World History.

**Juniors** and seniors must choose from the following elective courses:

Please note that electives are NOT open to freshmen and most are not open to sophomores.

Students planning to attend college should take four (4) credits in Social Studies. Please note that electives are NOT open to freshmen and most are not open to sophomores.

Students planning to attend college should take four (4) credits in Social Studies.

---

# Students needing work in basic skills may enroll in US History, World History and American Government.
It is the desire of the mathematics department of Cherry Creek High School that all students will be able to take four years of high school mathematics. Each student should be allowed to follow a sequence of courses which will enable them to advance to their individual potential. The nature of the material and the degree to which it will be covered should determine individual placement.

A college-bound student with an intended major requiring advanced mathematics (such as physics, chemistry, biology, or mathematics), should consider the honors level courses Geometry H, Algebra 2/Trigonometry H, Pre Calculus H, AP Calculus BC. Entry to this level after Geometry H is not recommended.

**Graphing Calculator Requirements:** Students are required to have a graphing calculator for all courses. A TI-83 or TI-84 is preferred.
All students are required to successfully complete three years of science during their four years at Cherry Creek. Students need to take one of the following as a prerequisite course for subsequent courses in science: Honors Physical Science, CP Physical Science or Physical Science. To meet the state and district academic standards it is recommended that students take each of the following: biology, chemistry and physics.
Foreign Language courses are designed for non-native speakers; however native speakers may be given a diagnostic test and placed at appropriate levels if they wish to enroll. Likewise, students with prior study of a language outside the CCHS feeder system should contact the department coordinator to arrange a placement test.

**FRENCH DEPARTMENT COURSE OVERVIEW**

2017-2018

- CP French 1
- 2 years Middle School French 1A & 1B
- CP French 2
- CP French 3
- CP French 4

Computer Applications and Introduction to Business are recommended prerequisites for Marketing, Accounting, Personal Finance, and Business Law 1 and 2.
CHILD DEVELOPMENT

Open to: Grades 10-12
Credit: .5
Course length: 1 sem.
Prerequisite: None

This course is designed for students interested in child development and/or careers related to pediatrics, psychology, social services, education and parenting. Students will learn about physical, emotional, social and cognitive development of children from conception through adolescence. Special units of study include reproduction, prenatal development, birth and infant care, toddler, preschool, school age care and various family structures. Other units include expectations and financial responsibilities of parenthood. This class will give students an opportunity to experience a parenting simulation with an electronic simulator baby. Students are encouraged to participate in FCCLA projects, which include leadership opportunities, community service, and/or competitions related to the class.

CONTEMPORARY RELATIONSHIPS

Open to: Grades 10-12
Credit: .5
Course length: 1 sem.
Prerequisite: None

The course emphasizes building healthy relationships, managing personal stress and making wise choices. Topics include adolescent relationships with parents and friends, dating, communication skills, conflict resolution, abstinence and human sexuality, gender differences, impact of substances on relationships, violence and abuse, and family/social issues. Students will also learn about commitment and marriage. Students will take psychological and personality tests to assess their values, beliefs and perceptions about their relationships with others. Students are encouraged to participate in FCCLA projects, which include leadership opportunities, community service, and/or competitions related to the class.

Note: By completing both Contemporary Relationships and Foods & Nutrition, a student will fulfill the district Health requirements.

FASHION/INTERIORS/CULINARY DESIGN

Open to: Grades 9-12
Credit: .5
Course length: 1 sem.
Prerequisite: None

The world of fashion, interior design, and event planning creates an exciting embellishment to everyday living using the principles and elements. This course is excellent for students interested in possible careers in fashion, interior and event designs. Students will complete projects in each of the three areas. Course materials include a number of consumables. Students are encouraged to participate in FCCLA projects, community service and/or competitions related to class. Students will be charged a $25.00 fee for consumable materials.

FOODS & NUTRITION

Open to: Grades 9-12
Credit: .5
Course length: 1 sem.
Prerequisite: None

The purpose of the culinary nutrition course is to develop lifelong, healthy individuals with an understanding of healthy and nutritious cooking techniques. Emphasis is placed on implementing healthy nutritional choices, preparing nutrient dense foods, exploring careers related to culinary nutrition, and practicing wise consumer decisions. Students are encouraged to participate in FCCLA projects, which include leadership opportunities, community service, and/or competitions related to the class. Students will be charged a $25.00 fee for consumable materials. Note: Completion of both Foods and Nutrition class and Relationships class meets the district Health requirement.

The Main Stage Plays and musical are after school activities. Students must audition for acting roles and may volunteer to help with the technical and production aspects of these performances.
Students are required to earn 1.5 credits in Physical Education and .5 credit in Health. It is optimal and encourage that students take .5 credits from any or all of the different areas of Physical Education listed below.

1. .5 credit in Individual Sports Activities
2. .5 credit in Team Sports Activities
3. .5 credit in Fitness Based Activities
4. .5 credit in Adventure Based Activities
5. .5 credit must be in Health (recommended taking as a Sophomore)

IMPORTANT INFORMATION: Eligibility for Student Achievement Services is determined only after a referral is made. A diagnosis is completed in five areas: health, intellectual capacity, academic standing, social and emotional status and a staffing is held. A staffing team composed of parents, student, and professionals from both special and regular education make the determination of handicapping condition, needs, and suitable intervention. Annual reviews are held.

If a student has a current Individual Education Plan (IEP) he/she is eligible for any of the following classes if the student's IEP specifies the need.
